

# Parent Drop-off Procedures 23-24

At Silver Spring Elementary, we will ensure the safety of the students as they leave Silver Spring. For this reason, the following protocol will be used to create an efficient and safe system for dropping off students at the beginning of the school day.

- Parent drop-off will begin at 8:50 AM and continue until 9:10 AM
- As you arrive at the top of the hill at Silver Spring, continue to travel to the rear parking lot (by the playground equipment)
- Follow the directions of the staff who will direct you into a single line to the right of the orange cones. Please stay in your lane and keep your child(ren) in the vehicle until it is time for your child(ren) to exit your vehicle.
